1. What are the aims and objectives of this Action Plan?

Essex Police in partnership with Essex County Council are planning to complete 10 operations between June 2009 and May 2010 to reduce crime and anti-social behaviour, and deliver performance against NI-17. These operations will be funded by ECC under the banner of the Essex County Council 'Crime and Disorder Pledge'.

2. What are the steps used to deliver the Action Plan?

Each operation is designed to resolve a specific problem in a specific location identified through community consultation and supported by the Neighbourhood Officer and force data. It is intended that these operations will foster long term partnership working well beyond the period of the operation.

Community consultation is an essential requirement prior to policing activity starting, to provide direction and focus to the operational plans.
